Professional Summary

Experienced **.NET Developer with 2.8 years** of hands-on experience in designing, developing, enhancing, and maintaining web applications using ASP.NET Core, C, ASP.NET Web Forms, ADO.NET, Entity Framework, and SQL Server. Skilled in developing scalable applications, implementing business requirements, debugging issues, and working with databases, APIs, and reporting solutions.

Skills

Languages & Frameworks: ASP.NET Core, C#, ASP.NET Web Forms, ADO.NET, Entity Framework Core

Frontend Technologies: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Tailwind CSS

API Technologies: RESTful APIs, ASP.NET Core Web API, Scalar API Reference

Database: SQL Server, Stored Procedures, Triggers

Reporting Tools: SSRS (SQL Server Reporting Services)

Tools & IDEs: Visual Studio, SQL Server Management Studio (SSMS)

Other: GIT, TortoiseSVN, IIS Deployment, Windows Task Scheduler

Work Experience

Software Developer

BigSun Technologies Pvt. Ltd.

December 2023 – Present

Mahape, Navi-Mumbai

Key Responsibilities:

- **Developed and maintained web-based applications** using ASP.NET and C# to support internal business operations, improving system reliability and performance.
- Built dynamic and responsive UI components using HTML, CSS, JavaScript, jQuery, and Bootstrap to enhance user experience across modules.
- Designed and implemented backend logic using C#, ADO.NET, and Entity Framework for efficient data processing.
- Managed and optimized MS SQL Server databases, including writing complex queries, stored procedures, and improving data retrieval performance.
- Designed and developed **RESTful APIs** using ASP.NET Core and C#, enabling seamless communication between front-end applications and backend services.
- ASP.NET Web Form, ASP.NET Core, C#, ADO.NET, Entity Framework, SQL Server, HTML, CSS, JavaScript, Bootstrap.

Key Projects:

- **FAS Application:** Enhanced existing modules and developed **SSRS reports and stored procedures** to support business and reporting requirements. Implemented a **Vendor Portal** for vendor registration with API integration for data verification and validation.
- **Manufacturing Application:** Worked on application enhancements, issue debugging, and bug fixing. Redesigned and migrated legacy UI to a modern, responsive design using **HTML, CSS, JavaScript, and Bootstrap**, and integrated third-party APIs.
- **NBFC Application:** Developed **SSRS reports, stored procedures, and interactive dashboards** to support business operations and analytics. Integrated client APIs for secure and seamless communication between systems.
- **SSO Application:** Designed and developed a centralized **Single Sign-On (SSO) application using .NET 8**, implementing secure authentication and integrating SSO capabilities across multiple client applications.

Certifications

- **.NET Developer – Seed Infotech Ltd (May 2023 – Nov 2024):** Completed comprehensive, job-oriented training in ASP.NET, C#, SQL Server, and Entity Framework, gaining hands-on experience in designing and developing scalable, secure web applications.

Education

B.Sc. Information Technology

Viva College, Virar | University of Mumbai

Graduated: 2019

CGPA: 6.30 / 10

Personal Details

- **Full Name:** Praful Sitaram Bhoir
- **Date of Birth:** 23 November 1997
- **Gender:** Male
- **Nationality:** Indian
- **Marital Status:** Unmarried
- **Languages Known:** English, Marathi, and Hindi.
- **Current Address:** Ghansoli, Navi Mumbai, Maharashtra, India - 400701.
